

Why *YOU* Should Take AP Human Geography

- ✓ If you love social studies classes in general this is the class for you. It is a mix of geography and how it influences culture, history, economics, government, environmental issues, and industrialization.
- ✓ It is a college-level course you can take during your any year at Timberline to prepare you for the pace of a college course.
- ✓ This course will help you improve your writing and analytical skills, looking at the **WHY** behind current events as well as historical issues.
- ✓ It looks impressive on your transcript/resume.
